Attention Arif Virani,

IMPORTANT AND URGENT - My siblings are engaged in Court fraud, conspiring with roughly six law firms, the National Bank of Canada and what appears to be roughly four of Your superior court judges aiding and abetting their fraud, and telling Me that complaining to the Court about the fraud is 'frivolous and vexatious', this Matter is 'RES JUDICATA'.

Tanja Johnson has allegedly been appointed to represent My father's interests as the Trustee and executor of his Estate, yet there are \$3 million in claims waiting to proceed, and Justice Marc E. Smith has just ordered for Tanja to pay all the lawyer for perpetrating this fraud on the court, the very funds My sister owes to these creditors.

Now, how much do judges get for helping lawyers to use the courts as a laundry service for dirty crimes? Clearly, the Judge is bought and paid for, he most certainly didn't check the Court of Record on the Matter or he would identify the fraud immediately.

No, he WANTS to help My siblings steal My property. And that's fine, You be and Your courts be as corrupt as You Wish to be - just leave Me out of it, please and let Me Honour My father's creditors as I Promised him I would do.

Failing to allow Me to address these claims is an additional count of trespass upon My Fiduciary obligations. Because Arif Virani is responsible for managing Canada's Courts and the corruption of his appointed judges, Arif Virani accepts full criminal and civil liability as the ringleader of this conspiracy against Me.

I Will take this Matter to the Hague if I don't receive a reply, this is ridiculous, childish behaviour. Children run and hide when they are in trouble, grown ups are supposed to accept accountability for their wrongdoings and face the music.

I need to know why these Courts are so corrupt and how You can have so much impunity? Seriously. What are You going to do - just DELETE the \$3 million in claims from the Court of Record and deny those claimants, too?

How many People are You willing to screw over just to mess with Me? How many innocent People are You Willing to harm? I believe some One was killed in the accident the claimants are seeking compensation for. But because of Your corruption being exposed, You're just going to deny their claims altogether? Or what is the plan? What DO You do to cover up fraud like this - presumably this happens every day, judging by Your reply to My queries.

You do know I'm publishing these emails on the International Court of Record. You are exposing Your entire judiciary and I'm getting a LOT of attention for it - so thank You for that, I guess. vondehnvisuals.com

Blessings,

Do You require for Me to provide any more clear and obvious proof of the fraud on its face other than proof of the \$3 million waiting to proceed against My father on the Court of Record?

If You require additional PROOF of the FRAUD before You can take action and PUT A STOP TO THE HARM BEING DONE TO ME BY THE LIES OF THESE COURTS other than the Court of Record it Self, please let Me know.

The screenshot shows the Ontario Case Management System (CMS) interface. At the top, there is a header with the Ontario logo, the word 'Cases', and a 'Menu' button. Below the header, there is a search bar and a table of cases. The table has columns for 'Business/Business Name', 'Case Number', 'Case Location', 'Case Title', 'Kiosk/Case Role', 'Open', and 'Parties'. Two case entries are visible, both for 'JOACHIM VON DEHN'.
