Good Wednesday afternoon to You,

How long does it typically take officers of an Ontario Superior Court of Justice to take action when a federal crime is reported to You for which officers of this Court are complicit, and liable to Me for aggravated harm for failing to guarantee the protect-Sean of My rights according to Canada's Charter, International Law, and the Trustee Act of Ontario?

Is this Court trying to suggest to Me that no Judge working for these Courts is familiar with the Trustee Act of Ontario, or is it more reasonable for Me to presume that four Judges failed to inherit the jurisdiction required to provide relief and remedy to Me because they are complicit in the crime of trespass upon My Trust obligate-Sean's?

I'm just telling You, that as a Common Man who has no Idea what it is officers of this Court use as a moral and ethical barometer to gauge humanity, but I would very humbly suggest that if the Judge, Marc E. Smith just made a *mistake*, then he would be just as angry and furious about the fraud as I am, would be very quick to respond to Me with an apology, and apprehend the criminals causing Me harm and embarrassing his reputation.

Now, if Marc E. Smith does NOT Wish to take action, I can only presume it's because he's too egotistical and arrogant to concede that he made a mistake (which is very childish and immature), OR he's complicit in the crimes and doesn't care how much additional harm has been caused by his incorrect decision.

The FACT that the only reliable information regarding this Matter is the Court of Record which *clearly indicates* that NO ONE has been appointed to represent My father's interests in Court, makes it very difficult for this Man to believe this mistake was not deliberate. If it wasn't, then it's an example of extreme incompetence causing serious harm to Me, and proving that Marc E. Smith is not qualified to be a judge for Canada's Superior Court and should be terminated immediately before he causes more harm to claimants who come before him simply because he's too incompetent and lazy to check the Court of Record to see what the facts say, and too arrogant to correct this decision when made known to him.

If Marc E. Smith does not reverse his incorrect decision based entirely upon fraudulent testimony unsubstantiated by any facts, I Will presume he was bribed by opposing counsel and should be criminally charged in his personal, private capacity because it's

not believable that this is a mistake or oversight unless Marc is also completely incompetent, in which case he should be removed from the bench forever.

These are federal crimes, the fraud has caused Me considerable emotional, psychological, Spiritual and economic harm, and every day You allow the criminals to continue to perpetrate their fraud, is another day You are aggravating the harm done to Me.

Remember, My rights are supposed to be GUARANTEED by this Court (or any Superior Court of any province or territory in Canada).

Not as advertised, false advertising, no rights guaranteed by this Court, this Court only endorses fiction and fantasy, imaginary facts.

Let Me know why YOU are thing King Marc E. Smith should not be liable to Me in his personal, private capacity as an officer of the Court for failing to put the criminal harm being done to Me by opposing counsel's fraud to a stop, and or for failing to correct the wrongdoing when it is so blatantly and painstakingly obvious?

You can't put a stop to the harm being done to Me because 'You just don't feel like holding criminals to account today'?

Shame, cause it's aggravating Me to death.

I require the contact inform a Sean for whomever accepts liability for the criminal negligence of this Court, and Your REFUSAL to apprehend criminals causing Me harm RIGHT NOW!

And I would appreciate receiving that contact inform a Sean today.

This Court has demonstrated the professionalism of a Garden Brothers Circus.
