Dear Madam or Sir,

Opposing counsel in the above Matter have been Noted in Default for their fraudulent testimony in the Estate Application, and for Willful, criminal trespass on a Trust Instrument on file with Canada's Minister of Justice and Attorney General. (see attached)

This request for a Motion to Settle the Order is required to enforce payment. Interest on the principal amount of the Claim does not stop accruing until the fraud (and ***the harm being done to Me by this fraud***) is put to a stop, and the outstanding creditors are addressed.

Tanja Johnson has been lying about this application and conspiring with her lawyer and clerks at the Bracebridge Courthouse about the status of the application, REFUSE to update the Registry with My sister's 'duly appointed Certificate' so that it remains 'PRIVATE' so as not to alert the \$3 million in claims waiting to proceed against My father for injuries caused to innocent People by Tiffany Singh.

I'm not going to argue with these Courts anymore because these Courts are *impartial* institutions incapable of corruption - only *People* can *ignore* the **Trustee Act of Ontario** and suggest that it's binding on all Trusts whenever Created and all Trusteed whenever appointed EXCEPT King Sean's Express Trust in God filed with Canada's Minister of Justice and Attorney General, so that all agents of the Court would have Notice of Sean's Trust Instrument on Record (because We all know Notice to principal is Notice to agent).

I Will be forwarding this email to at least one of the creditors, lawyer Nital, S. Gosai, who is waiting to proceed with one of the two claims against My father and Tiffany Singh for \$2 million.

Now that We know Tanja Johnson is engaged in fraud just as Sean has been trying to tell the Court for four years, this Court Will enforce the Default Judgement against opposing counsel, or Sean Will be as King for additional compensation from the Crown for failing to apprehend criminals causing Me harm, which You have had first hand knowledge of for over four years, and the Courts (as an impartial body) have known My Claim is True from the first day I filed it if ANY JUDGE HEARING THIS CASE HAD TAKEN 20 SECONDS OUT OF THEIR DAY TO CHECK THE COURT OF RECORD TO

SUBSTANTIATE THE FRAUD ALLEGATION, NONE OF THIS HARM WOULD HAVE BEEN DONE TO ME!!!

Not one judge or court clerk took My complaint seriously enough to apprehend the fraudsters.

This Court in particular has caused Me ridiculous harm either by Way of negligence and incompetence, or Willful trespass upon My Trust obligations, and Willful determination to ignore the powers, rights, and immunities provided to Me by the Trustee Act of Ontario.

Interest on the principle amount of the Claim does not stop accruing until King Sean is fully compensated for his legal fees, which are triplicate what opposing counsel was as King of from the Trust.

I Will NOT accept any anonymous replies to this email. Every officer of the Court who Wishes to continue to ignore the powers, rights, and immunities of the Trust Instrument Will be liable to Me for additional AGGRAVATION and Breach of Trust.

I came before this Court specifically to put a STOP to the Trespasses upon My Trust Instrument, only to have two Superior Court Judges IGNORE the FACT that this is a Trust Claim, failing to inherit the jurisdiction to provide the injured party remedy for the trespasses upon My Trust Instrument and obligations. You've made a joke of Your Self on the public Record, and I require a reply from a Court of COMPETENT, Jurisdiction that will INHERIT the jurisdiction necessary to bring these criminals to Justice.

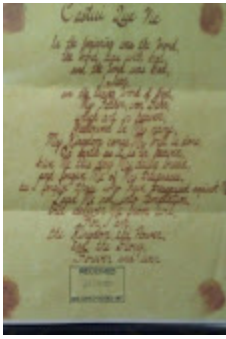

This email Will be forwarded to the creditors My dear siblings are trying to defraud.

Once again, "The powers, rights, and immunities of the Trust Instrument are in addition to those afforded by the Trustee Act of Ontario and have effect subject to the terms and conditions of the instrument creating the Trust."

Any part of that last line clerks of the Court don't understand? Good, I look forward to hearing from You as soon as possible so that these criminals engaged in indictable, federal offences, can be finally apprehended.

Blessings, I look forward to hearing from You,
King Sean, House von Dehn,
Hand of Stephen,
The Kingdom of Heaven Found a Sean

Good Wednesday afternoon to You,

How long does it typically take officers of an Ontario Superior Court of Justice to take action when a federal crime is reported to You for which officers of this Court are complicit, and liable to Me for aggravated harm for failing to guarantee the protect-Sean of My rights according to Canada's Charter, International Law, and the Trustee Act of Ontario?

Is this Court trying to suggest to Me that no Judge working for these Courts is familiar with the Trustee Act of Ontario, or is it more reasonable for Me to presume that four Judges failed to inherit the jurisdiction required to provide relief and remedy to Me because they are complicit in the crime of trespass upon My Trust obligate-Sean's?

I'm just telling You, that as a Common Man who has no Idea what it is officers of this Court use as a moral and ethical barometer to gauge humanity, but I would very humbly suggest that if the Judge, Marc E. Smith just made a *mistake*, then he would be just as angry and furious about the fraud as I am, would be very quick to respond to Me with an apology, and apprehend the criminals causing Me harm and embarrassing his reputation.

Now, if Marc E. Smith does NOT Wish to take action, I can only presume it's because he's too egotistical and arrogant to concede that he made a mistake (which is very childish and immature), OR he's complicit in the crimes and doesn't care how much additional harm has been caused by his incorrect decision.

The FACT that the only reliable information regarding this Matter is the Court of Record which *clearly indicates* that NO ONE has been appointed to represent My father's interests in Court, makes it very difficult for this Man to believe this mistake was not deliberate. If it wasn't, then it's an example of extreme incompetence causing serious harm to Me, and proving that Marc E. Smith is not qualified to be a judge for Canada's Superior Court and should be terminated immediately before he causes more harm to claimants who come before him simply because he's too incompetent and lazy to check

the Court of Record to see what the facts say, and too arrogant to correct this decision when made known to him.

If Marc E. Smith does not reverse his incorrect decision based entirely upon fraudulent testimony unsubstantiated by any facts, I Will presume he was bribed by opposing counsel and should be criminally charged in his personal, private capacity because it's not believable that this is a mistake or oversight unless Marc is also completely incompetent, in which case he should be removed from the bench forever.

These are federal crimes, the fraud has caused Me considerable emotional, psychological, Spiritual and economic harm, and every day You allow the criminals to continue to perpetrate their fraud, is another day You are aggravating the harm done to Me.

Remember, My rights are supposed to be GUARANTEED by this Court (or any Superior Court of any province or territory in Canada).

Not as advertised, false advertising, no rights guaranteed by this Court, this Court only endorses fiction and fantasy, imaginary facts.

Let Me know why YOU are thing King Marc E. Smith should not be liable to Me in his personal, private capacity as an officer of the Court for failing to put the criminal harm being done to Me by opposing counsel's fraud to a stop, and or for failing to correct the wrongdoing when it is so blatantly and painstakingly obvious?

You can't put a stop to the harm being done to Me because "You just don't feel like holding criminals to account today"?

Shame, cause it's aggravating Me to death.

I require the contact inform a Sean for whomever accepts liability for the criminal negligence of this Court, and Your REFUSAL to apprehend criminals causing Me harm RIGHT NOW!

And I would appreciate receiving that contact inform a Sean today.

This Court has demonstrated the professionalism of a Garden Brothers Circus.
